

TeamReach SmartPhone App

5 Sqn Unit Support Committee Communication Tool

The Air Training Corps (ATC) Squadron 5 based at the North Shore Aero Club provides skills and leadership training to 13-18 year olds. As a non-profit organization, its funding for uniforms and activities come from a mixture of membership fees and fund raising events. The parent's fundraising committee have recognized that we need to improve our communication model with the parents and have selected the use of the smart phone app "TeamReach". Many of the parents may be familiar with TeamReach through other groups and organizations such as softball, football, hockey etc.

If you are not familiar with TeamReach, you can watch a video summary:

<https://www.youtube.com/watch?v=6KcJ3a4cPCU>

Website: <https://www.teamreach.com/>

TeamReach Key Features:

- Free to use
- iPhone and Android Smart phones (supports non-smart phone members through email)
- Calendar
 - event details
 - dates
 - individual attending meeting or event flag
- Messaging System
 - Group messages
 - Private messages
- Photo / File Sharing
- Supports multiple parents and family members

TeamReach Instructions

Parents who have a cadet in 5 Squadron need to join the TeamReach application using the instructions below.

Install: TeamReach on iPhone or Android phone

<https://play.google.com/store/apps/details?id=com.teamreach.app>

<https://itunes.apple.com/us/app/teamreach-team-management/id1101253705?mt=8>

Enter code: atc5parent2024

Car Pooling Groups (Optional)

The following carpooling TeamReach Groups for cadets have been setup - allowing parents to interact in the various regions. It is expected that only one of the three would be added to your teamreach pending where you live.

Whangaparaoa area code: atc5sqnwgpcarpool

Silverdale area code: atc5sqnsilcarpool

Browns Bay area code: atc5sqnbbscarpool

Please note that TeamReach has a bug and may require to be restarted to add the above group(s).

Also - these are a self-service groups - I will be monitoring these carpooling groups with minimal effort.
